Relieve discomfort

Quick nasal relief, no stuffiness

Clear Breathe

Long-lasting clear breathing for comfort

Gentle Decongestion

Gentle decongestion with no burden

Clear Nose Anywhere

On-the-go clear nose, easy to use

Key Ingredients of Nasal Obstruction Relief

Traditional Chinese Medicine Core Components in Nasal Obstruction Relief

Cocklebur Fruit

Relieve nasal obstruction and stuffiness, dispel wind-cold, alleviate thick nasal discharge, and improve symptoms of chronic rhinitis and sinusitis

Root of Chinese Wild Ginger

Rapidly unblock stuffy nose, dispel wind-cold pathogens, relieve nasal itching and irritation, and enhance nasal ventilation

Magnolia Flower Bud

Effectively unblock nasal passages, reduce runny nose and sneezing, inhibit allergic reactions of nasal mucosa, and relieve discomfort from allergic rhinitis

Herba Centipeda

Clear nasal congestion caused by various rhinitis, soothe nasal itching and sneezing, reduce swelling of nasal mucosa, and improve nasal discharge obstruction

Angelica Dahurica

Alleviate nasal congestion and stuffiness, relieve nasal-related headaches (e.g., eyebrow bone pain), reduce nasal mucosa inflammation and swelling, and inhibit bacterial growth

Indian Trumpetflower Seed

Moisten and unblock nasal passages, repair damaged nasal mucosa barrier, reduce nasal dryness and irritation, and assist in relieving chronic nasal discomfort

Benefits and Directions for Four Groups of People

Relieving Nasal Obstruction for Respiratory Wellness

Allergic Rhinitis Sufferers

Relieves sneezing, runny nose and nasal congestion caused by allergies—ideal for seasonal or year-round allergic rhinitis.

People with Sensitive/Dry Nasal Passages

Soothes sensitive or dry nasal passages, relieving congestion, itching and frequent sneezing caused by dry air or dust.

Cold/Flu Recovery Patients

Eases residual nasal stuffiness, runny nose and headache after cold/flu—helps you breathe freely and recover faster.

People with Rhinitis-Induced Headaches

Alleviates nasal congestion-related headaches and pressure—supports focus and comfort throughout the day.

Precautions

- Consult a doctor if pregnant or breastfeeding.
- Avoid use on irritated or broken skin.
- Not for medical use. Seek medical advice for chronic conditions like insomnia or depression.

4 Core Techs for Nasal Obstruction Relief Patch

Empowering Tech: Nasal Patency Restoring & Discomfort Alleviating

Extraction Technology

Triple techniques of "water extraction + alcohol extraction + ultrasonic extraction" efficiently extract the active ingredients from nasal-clearing medicinal herbs, ensuring no loss of potent decongestant and anti-inflammatory nutrients~

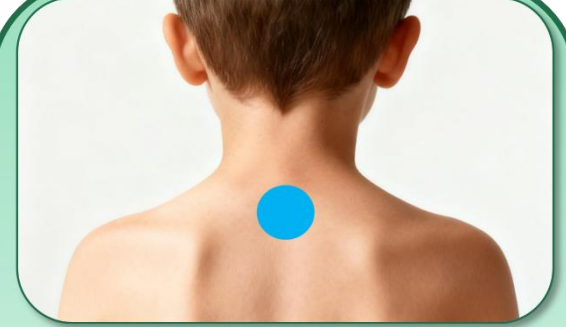

Fermentation Technology

Special strains ferment to break down macromolecules into small ones. When applied, the ingredients can be easily absorbed through acupoints, delivering nutrients that relieve nasal congestion and combat obstruction, without any hassle!

Selected natural herbs

- Selected natural herbs as core ingredients
- Minimal ineffective excipients, no absorption barriers
- Active components evenly distributed in a microstate
- Achieves high concentration, sustained and stable nutrient release
- Rapidly relieves discomfort associated with nasal obstruction

Targeted Acupoint Design

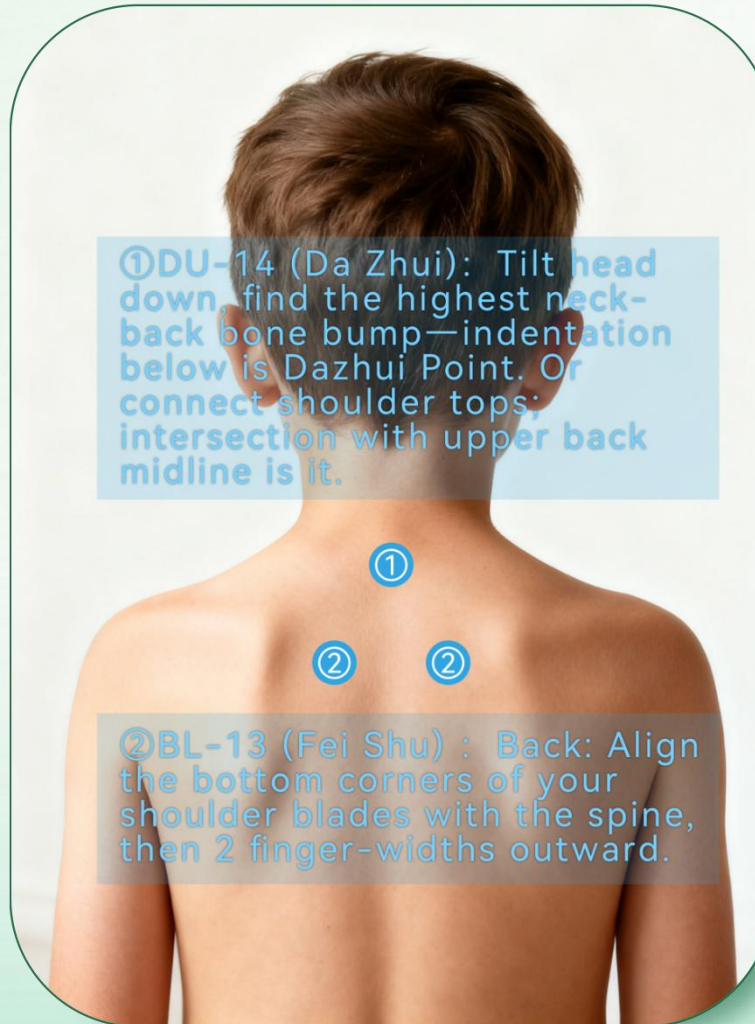

Apply to corresponding acupoints. Nutrients bypass the gastrointestinal tract and directly penetrate the skin to target nasal obstruction-affected areas, enabling fast absorption with no extra burden!

How to Use Nasal Obstruction Relief Product Properly

Key Steps for Nasal Obstruction Relief

Application Duration

- Baby (3 months old): 1 hour
- Baby (6 months old): 2 hours
- Toddler (1 year old): 2-4 hours
- Toddler (3 years old): 4-6 hours
- Child (4 years old and above): 4-8 hours
- Adult: 6-12 hours
